REMOVAL.
DR. GREGORY has removed from Gold street to Roosevelt, one door from Chatham street, where he may be consulted confidentially by all.

There have been a few medical men among us, that know their way to manage those difficult and delicate disorders which attend the treatment of the venereal disease. Dr. G. has published a treatise upon a secret habit and diseases, entitled the "Rhubarb," it is intended for the use of persons who are afflicted with the venereal disease, and who wish to get better. It points out clearly the means of preventing those evil disorders at which the patient is so liable to fall. This small book is worth more than all other publications of the kind. It is sold by the author as above.

To females this little book will prove a friendly and confidential adviser. It is also for sale at the following drug stores:-

No. 66 William street, near Maiden lane.
31 and 100 Fulton street.
Both corners of Chambers street and Broadway.
No 63 Bowery, corner of Walker street.
77 East Broadway, corner of Market street, and

Medical Advice.
DOCTOR LAMERT is still confidently consulted at his old office, 83 Gold street, between Fulton and Beekman, in all diseases of a delicate nature; his treatment being mild and judicious, requires neither mercury, restraint in diet, or abstinence from business pursuits. Recent cases cured in 1 or 2 weeks.

DEBILITY, NERVOUS OR CONSTITUTIONAL, arising from a too frequent indulgence of the passions of indiscreet youth, and thereby causing nightly emissions, and eventually unfirmed impotency, engage the Dr.'s strictest attention, his object being to restore the system, mentally and bodily, to that state of vigor nature originally designed.

STRUCTURES, a disease frequently existing without the patient being the least aware, sometimes caused by mal treat-

of uninitiated medical practitioners, but *beneficially* by the neglect of the parties themselves, are, by the Dr. effectually cured, without pain or inconvenience.

The Doctor being one of the few qualified advertising Surgeons in the city, guarantees a perfect cure, or no charge made. Letters, post paid, enclosing a fee, immediately attended to, and medicine, with advice, sent to any part of the United States.

MEDICAL NOTICE.
D. R. COOPER, N Dunne street, between Chatham and William streets, has for the last ten years confined his practice to the treatment of venereal, mercurial and other diseases of a delicate nature. Dr. Cooper's great name is a celebrated

St. Luke Hospital, and has for the last ten years enjoyed the most extensive practice in private diseases of any medical man in New York. He can cure the most aggravated cases of this disease, and mild cases removed in two to five days. The Dr. is a regularly educated physician and surgeon and never suffers a patient to leave until a perfect cure is performed.

Stricture—Doctor Cooper has discovered a new method by which he can cure the worst form of Stricture in from one to two weeks, with scarcely any pain to the patient.

Constitutional debility, brought on by a secret habit indulged in by young men.—This, when too freely indulged in, begets dyspepsia, weakness of the limbs, and small of the back, confusion of intellect, forgetfulness, palpitation of the heart, and aversion to society. A cure warranted in every case or no charge.

TO THE PUBLIC

I WAS CURED of a most distressing disease by Dr. JOSEPH HEINE, No. 39 Duane street, near Chatham st. My body was covered with ulcers; my joints and bones were swollen and painful; I lost all my appetite; could not sleep; was confined to my bed; my arms and legs were contracted. I tried several physicians; was salivated, but received no benefit until I was cured by Dr. Joseph Heine.

CAPT. RICHARD YATES.

2 Those who wish to see Mrs. Wm. H. McArthur at her corner of South street and Maiden lane, where I shall be happy to give all particulars which I should not like to give in this certificate.

N. B.—Dr. H. has no other office but 26 Duane street, near Chatham, where hundreds of certificates may be seen.
